mon-chan's are carrying safety kit in the bag

1. Know where you are going - check bus/skytrain schedules and a map. Ask for directions before you go and how to get back home.

do you think you know about safety tips?

2. Do not carry a lot of cash (\$\$) use ATM interac bank card and do not tell or show anyone your pin#.

do you know which area is not safe?

3. Do not take short-cuts or dark roads or paths - stay on the main road where there are lots of people and lights.

4. Get a photo identification card done at driver services so you do not have to carry your passport. Keep your passport in a safe place like a rented bank deposit box.

5. Let people know your schedule - school timetables, work times, or social life activities so they will know if something is not right.

6. Do not leave your personal belongings alone on a bus or park bench, in a coffee shop, library, bus station or airport.

do you know about your rights?

7. Use a condom when having sex.

do you know about safer sex?

8. Go to parties or night club with a friend and do not leave your drinks alone. You can become a victim of date rape, or be sexually assaulted if a drug is put into your drinks.

let's talk about...

drugs, alcohol, what's next?

9. Carry a cell phone with speed dial to "911", personal alarm, penlight, or a whistle.

10. Notice what is around you when you are outside - look at the people, look for phone booths, public buildings, coffee shops as you walk. Walk tall with confidence.

Trust your feelings

"gut reactions" if you feel uncomfortable, unsafe, tense or scared listen to these feelings. Back off, make excuses, say 'no thank you' and leave quickly!!

Have people earn your trust.

Do not just trust someone because of their status or age. (for example - your school teachers, school counselors, tutors, employers, homestay or host parents). Take your time and judge for yourself if they can be trusted. Just because they have a title or authority or power or are older than you - does not mean you can trust them.

You Have Rights While Staying in Canada

The right to get information and support when you ask for it.

The right to confidentiality when you disclose information - unless you are putting someone's life in danger.

The right to have an interpreter that speaks your language - if you are reporting a crime to the police.

The right to be treated with courtesy, respect, and dignity.

The right to privacy in your homes, schools or within you relationships

Police

Emergencies: 911 – tell them which language you speak
Non-emergencies - Vancouver police: 604-717-3321

Vancouver Crisis Centre

24-hr distress line: 604-872-3311
