Conversation Circle Facilitator VLC, BLC, SLC and Online

Conversation Circle Facilitators lead small groups of students in conversation, helping them become more confident and proficient in spoken English. Topics and activities are provided by the LINC Instructor, giving students a chance to review theme-based vocabulary, and grammar addressed during the class. Conversation Circle Facilitators stimulate discussion using guided questions, giving opportunity for students to practice speaking.

Strong facilitation skills are useful in this role

Classroom Support Volunteer VLC, BLC, SLC

In this role, you will assist the LINC Instructor, helping students with listening, speaking, reading and writing activities in both small groups and one-to-one. You will be offering encouragement and support to students and provide corrections as needed. You may also be asked to support other administrative duties.

Patience and willingness to support are key to this role.

LINC Tutor VLC, BLC and Online

As a LINC Tutor, you assist students who require extra support in improving their English skills. Tutors enhance the quality and level of attention given to students in need, particularly with basic reading and writing skills. Tutor meetings generally occur as 1-on-1 with students, before or after class times, or during lunch breaks. At times, you may assist students with basic computer functions.

This role is outside of the classroom and most often with lower-level students. ESL teaching experience is a definite asset.
